Chief Honorary Chair

Maj Gen KK Chakrabarti

Chairman, AIT Pune

Honorary Chair

Maj Gen Uday Shankar Sengupta

Director, AIT Pune

Convenor

Dr. B.P. Patil

Principal, AIT Pune

Prof.(Dr.)S R Dhore

HOD Computer Department, AIT Pune

Conference General Chair

Dr. NK Bansode

Professor, AIT Pune

Conference Chair

Dr. Nikita Singhal

Assistant Professor, AIT Pune

Dr. Sita Yadav

Assistant Professor, AIT Pune

Conference Venue

Manekshaw Hall, Aryabhatta Center, Army Institute of Technology, (AIT) Dighi Hills, Alandi Road, Pune – 411 015

About AIT

AIT was founded in 1994, as a result of the vision, and untiring efforts of Late Gen. B.C. Joshi PVSM, AVSM, ADC for the children of all ranks of the Indian Army. The lush green campus, its resilience and architectural splendor, and state of the art infrastructure, all provde vital ingredients for a delectable academic environment for the development of total quality engineers. AIT is ranked 139 in NIRF across India. AIT runs Undergraduate courses in Comp. Engg., IT, Mech, E&TC and Post Graduate course in Machine Design. All courses are affiliated to SPPU.

About Conference

IQICSA 2027 is an IEEE international conference focused on quantum computing, secure communication systems, and their real-world applications. It brings together researchers, academics, and industry professionals to discuss advancements in Quantum Key Distribution (QKD), qubit architectures, post-quantum cryptography, and quantum machine learning. All accepted papers are published in IEEE Xplore, indexed in Scopus and Web of Science, ensuring global visibility and recognition. It serves as a premier platform for collaboration and innovation at the intersection of quantum science and modern communication engineering.

About Department

The Department of Computer Engineering was established in 1994 with a strong vision to nurture technically skilled and innovative engineers. The department strives hard to provide a very good learning experience to its students. The department has developed state-of-art infrastructure, well-equipped laboratories, departmental library, and classrooms with modern teaching aids. The department has quality intake, experienced and dedicated faculty and staff, excellent academic results and placements. It actively promotes research, industry collaboration, and participation in national and international competitions to enhance students' overall development

Tracks and Sessions of Conference

Quantum Communication & Cryptography	Quantum Networks and Internet
Quantum Error Correction & Fault Tolerance	Quantum Hardware, Devices & Architectures
Quantum Machine Learning & AI	Quantum Simulation and Modeling
Quantum Information Theory	Quantum Entanglement & Teleportation
Applications of Quantum Technologies in Industry	Quantum Computing Theory & Algorithms

Field of Interest

- Quantum Computing and Quantum Algorithms
- Quantum Communication and Quantum Cryptography
- Quantum Networks and Quantum Internet Architectures
- Quantum Hardware, Devices, and Error Correction
- Quantum Machine Learning and Quantum Artificial Intelligence
- Communication Systems and Information Theory
- Post-Quantum Security and Secure Communication
- Internet of Things (IoT) and Cyber-Physical Systems
- Automation Technologies and Intelligent Control Systems
- Human–Computer Interaction in Advanced Computing Systems
- Industrial and Commercial Applications of Quantum Technologies

Benefits for the stakeholders of the Conference

The conference will benefit stakeholders by providing a platform for presenting and discussing cutting-edge research in quantum technologies, communication systems, and intelligent applications. Researchers and students gain visibility, feedback, and networking opportunities, while industry partners can explore emerging technologies and foster collaborations. IEEE and its technical communities strengthen engagement and outreach, and the host institution enhances its academic reputation and global partnerships. Overall, the conference promotes innovation, interdisciplinary collaboration, and the advancement of quantum-enabled systems for both industry and society.

Important Dates

Milestone	Date
Abstract Submission	10 Feb 2027
Full Paper Submission	20 Feb 2027
Notification of Acceptance	10 May 2027
Final Paper Submission	30 Jun 2027
